Dehelean Rares Catalin

REACT INTERNSHIP

I am a third year student at Technical Univeristy of Cluj-Napoca,Automation and Computer science department, that is eager to learn new things and create new relationships. Following the experience of tutoring and working with students, I developed my communication, time management and teamwork skills.

Work Experience

MENTOR

Mentor for 1st year foreign students

(october 2021- december 2021)

- I participated in an 8-week paid work program in which I was in charge of guiding foreign students
- My responsibilities were to weekly check the students and their attendance to the classes, to help them understand the subjects and write reports about their evolution
